## PERSONAL PROFILE

I am a Front-End Software Developer specializing in modern web applications using HTML, CSS, JavaScript, and TypeScript with frameworks like React and Next.JS. I also have experience in game development with Unity and C#.

Additionally, I bring a background in banking operations, where I optimized workflows and improved methodologies to enhance efficiency.

## WORK EXPERIENCE

### Accounts Payable Administrator

CaixaBank Operational Services | Jan 2023– Feb 2024

- Supervised the processing of high-volume payment transactions, ensuring accuracy and compliance with banking regulations.
- Implemented process improvements to reduce invoice approval times and optimize operational efficiency.

### Frontend Software Developer

Virtual Doing | Jan 2023 – Jun 2023

- Started as an intern, gaining hands-on experience in web development while supporting the team in maintaining and optimizing internal tools.
- Transitioned into Frontend responsibilities, contributing to the development of user interfaces using HTML, CSS, and JavaScript, ensuring responsive and modern designs.
- Collaborated with a team of developers to deliver a key client project ahead of schedule, focusing on improving the usability and functionality of the application.

### Account Manager

Adecco Outsourcing. | Aug 2022 – Jun 2023

- Streamlined operational workflows to enhance efficiency, resulting in a 20% reduction in processing time for key back-office tasks.
- Coordinated effectively with cross-functional teams to resolve complex client issues, achieving a 95% satisfaction rate in client account management.
- Implemented new monitoring procedures that reduced transaction discrepancies by 35%, ensuring compliance with banking regulations and improving audit readiness.
